\$1,727.52

Article 8. To see what sum of money the Town will vote to appropriate from available cash in the Treasury for the use of the Assessors in fixing the tax rate for the ensuing year.

VOTED: That this Article be indefinitely postponed.

Article 9. To see if the Town will vote to rescind or reconsider the Vote under Article 25 of the Warrant for the Annual Meeting of March, 1934, whereby it raised and appropriated \$1,000. to construct a public landing place for fishermen; or take any other or further action relative thereto.

VOTED: That the vote under Article 25 of Warrant of Annual Meeting of March 1934 be rescinded and that sum of \$1,000. appropriated thereunder be returned to the Treasury.

Article 10. Will the Town raise and appropriate the sum of \$50.00 for the purpose of permanently binding the original returns of Births, Deaths and Marriages, that are now in loose bundles in the Town Vaults, or act on anything relating thereto?

VOTED: That the sum of \$50.00 be raised and appropriated to permanently bind the original returns of Births, Deaths and Marriages.

Article 11. To see if the Town will raise and appropriate the sum of \$2,500.00 for the purpose of making necessary repairs and improvements, structural or otherwise, to the Ripley Road School Building to better the acoustic or auditory features of the Auditorium thereof, or take any other or further action relative thereto.

VOTED: That this Article be indefinitely postponed.

Article 12. Will the Town vote to reappropriate and transfer from the unexpended balance of \$4,288.66 raised and appropriated under Article 17 of the Warrant for the Annual Town Meeting called for March 8, 1930, the sum of \$2,500.00 for the purpose of constructing an addition to the Manual Training School Building on Elm Street to increase the floor space thereof, and for the original equipping and furnishing of such addition; authorize the Town Accountant to make such transfer; or take any other or further action relative thereto.

VOTED: That there be and hereby is re-appropriated and transferred from the unexpended balance of \$4,288.66 raised and appropriated under Article 17 of the Warrant for the Annual Town Meeting called

for March 8, 1930, the sum of \$2,500.00 for the purpose of constructing an addition to the Manual Training School Building on Elm Street to increase the floor space thereof and for the original equipping and furnishing of such addition; the Town Accountant being hereby authorized to make such transfer; and further that the School Committee be and hereby is appointed to supervise said construction, equipping and furnishing and authorized to contract in all matters necessary and incidental to accomplish the same.

Article 13. Nicholas Simeone and others: Will the Town appropriate the sum of \$2,000.00 to widen Sohier Street from Mrs. Hugh Bancroft's Swimming Pool to the Old McKenzie house, or act on anything relating thereto?

VOTED: That the sum of \$2,000.00 be raised and appropriated to widen Sohier Street from Mrs. Hugh Bancroft's Swimming Pool to the Old McKenzie house.

Article 14. To see if the Town will establish as a town way and accept the layout of Black Rock Road as made by the Selectmen to take an easement in such land as is necessary for said way; appropriate the sum of \$1,000.00 for the taking and construction of said way or act on anything relating thereto.

VOTED: That this Article be indefinitely postponed.

Article 15. Will the Town vote to raise and appropriate the sum of \$1,900.00 for the purchase of a Sargent Snow Plow as an attachment to the Tractor or take any action relative thereto?

VOTED: That the sum of \$1,520.00 be raised and appropriated to pay the balance due on the purchase of a Sargent Snow Plow, said purchase at a total cost of \$1,900.00 being hereby confirmed and ratified.

A hand vote was taken on this Article: Yes, 251.
No, 34.

Article 16. John W. Mulcahy and others: Will the Town vote to raise and appropriate a sufficient sum of money to recondition Pleasant Street, from the railroad tracks to the extreme end of Pleasant Street, or take action relative thereto?

VOTED: In the negative by a hand vote: Yes, 32.
No, 209.

Article 17. Anthony M. Gonsalves and others: To see if the Town will raise and appropriate one hundred and twenty-five dollars (\$125.00) for the purpose of extending the present drain pipe from in front of Beechwood Hall to the pipe that goes under the road (Beechwood Street) and empties into brook. Or act on anything relating thereto.

VOTED: That the sum of \$125.00 be raised and appropriated to extend the present drain pipe from in front of Beechwood Hall to the pipe that goes under Beechwood Street and empties into the brook.

Article 18. Rose N. Grassie and others: Will the Town raise and appropriate the sum of \$825.00 for the construction of tarred or asphalt sidewalk on Border Street, from the Central Fire Station to Gulf Mill Bridge, or act on anything relating thereto?

VOTED: That the sum of \$825.00 be raised and appropriated to construct a tarred or asphalt sidewalk on Border Street from the Central Fire Station to Gulf Mill Bridge.

Article 19. George Jason and others: Will the Town raise and appropriate the sum of \$675.00 for the construction of tarred or asphalt sidewalk on Church Street from Beechwood Street to the Scituate line, or act on anything relating thereto?

VOTED: That the sum of \$675.00 be raised and appropriated for the construction of a tarred or asphalt sidewalk on Church Street from Beechwood Street to the Scituate line.

Article 20. George Jason and others: Will the Town raise and appropriate the sum of \$2,800.00 for the construction of tarred or asphalt sidewalk on South Main Street, from Summer Street to Buffums Corner, or act on anything relating thereto?

VOTED: That this Article be indefinitely postponed.

Article 21. Rose N. Grassie and others: Will the Town raise and appropriate the sum of \$1,087.00 for the construction of tarred or asphalt sidewalk and concrete curbing on Border Street, from Gulf Mill Bridge to Parker Avenue, or act on anything relating thereto?

VOTED: That the Moderator appoint a Committee of three to work with the Selectmen and see if this can be done under Chapter 90.

Committee appointed: Mrs. Helen S. Coolidge, Frank F. Martin, Jr., and Russell Dean.

Article 22. To see if the Town will raise and appropriate the sum of \$2,100.00 for the purpose of constructing and maintaining an electric fire alarm warning, or signal device, at the Reservoir on the top of Bear Hill, so-called, under the direction and supervision of the Chief of the Fire Department; authorize the Selectmen in their discretion to acquire adequate and proper legal permission from property owners by license, easement, agreement or otherwise necessary and advisable therefor for the protection of the Town or take any other or further action relative thereto.

VOTED: In the negative by a voice vote.

Article 23. Richard Shuebruk and others: Will the Town vote to accept the Hammond Prosperity Plan, so-called, or act on anything relating thereto?

At this time the following Resolution was offered and adopted by a hand vote; Yes, 184; No, 138:

Resolved, that it be the sentiment of this meeting to favor the adoption of the so-called Hammond Prosperity Plan and that a committee of five be appointed by the Moderator to take what action is necessary to this plan available as soon as possible.

Committee appointed: Richard Shuebruk, Graydon G. Bouve, Anselm L. Beal, Forrest E. Hammond and T. Frederick Mulcahy.

Article 24. Frank M. Roche and others: To see if the Town will accept Section 48 of Chapter 31 of the General Laws, and amendments thereto, insofar as relates to the acceptance of Civil Service for the regular and call members of its Fire Department and Superintendent of Fire Alarm, and that the Town request the Legislature for an enabling Act to allow the Chief of the Cohasset Fire Department to be under Civil Service laws, and that the Selectmen be instructed to forthwith draft and introduce a petition to the General Court at this session for this purpose.

VOTED: In the negative by a voice vote.

Article 25. James F. Collins and others: Will the Town raise and appropriate the sum of \$300.00 for the purpose of improving and maintaining the playground at the corner of Beechwood and Doane Streets?

VOTED: That the sum of \$300.00 be raised and appropriated for the improving and maintaining of Beechwood Park at the corner of Beechwood and Doane Streets.

Article 26. Anthony M. Gonsalves and others: Will the Town raise and appropriate the sum of one hundred dollars (\$100.00) for the purpose of maintaining three White Way lights, one to be installed at the corner of Doane and Beechwood Streets, one to be installed in front of Beechwood Fire Station, and one to be installed in front of Beechwood Hall? These lights will replace the present lights at these locations.

VOTED: That \$100.00 be raised and appropriated for this purpose.

Article 27. Lillian R. Hurwitz and others: Will the Town raise and appropriate the sum of \$100.00 for the purpose of providing a Police Officer on Pleasant Street, during such times as there is coasting, and thereby prevent possible accidents or act on anything relating thereto?

VOTED: That this Article be indefinitely postponed.

Article 28. To see if the Town will vote to raise and appropriate the sum of \$600.00 for the purpose of maintaining, during the ensuing year, the mosquito control works as estimated and certified to by the State Reclamation Board in accordance with the provisions of Chapter 112, Acts of 1931.

VOTED: That the sum of \$600.00 be raised and appropriated to maintain the mosquito control works as estimated and certified to by the State Reclamation Board in accordance with Chapter 112, Acts of 1931.

Article 29. To see if the Town will vote to appropriate a sufficient sum of money for the pruning of dead wood from the elms and for the removal of any dead or dying elms on the public streets.

VOTED: That the sum of \$500.00 be raised and appropriated to prune the dead wood from the elms and to remove the dead or dying elms on any public street.

At this time the following Resolution was offered and was adopted by a voice vote:

Resolved: That a committee of three be appointed by the Moderator and the Chairman of the Board of Selectmen and the Town Counsel be added, said committee to consist of five to determine what the cause may be, if any, why certain shade trees on our roadsides have died in the past few years.

Committee appointed: Chairman of the Board of Selectmen William H. McGaw, Town Counsel Frederick A. Thayer, Joseph E. Grassie, Stephen J. Grassie, Tree Warden, Kendall T. Bates, Charles R. Jason and Frederick N. Edwards.

Article 30. Will the Town raise and appropriate the sum of \$18.00 to install and maintain an electric street light on Red Gate Lane, near the residence of Mr. Barnes and Mr. Apsey, or act on anything relating thereto?

VOTED: That the sum of \$18.00 be raised and appropriated to install and maintain an electric street light on Red Gate Lane near the residence of Mr. Apsey and Mr. Barnes.

Article 31. To see if the Town will raise and appropriate the sum of \$14,129.00 for the purchase of materials, trucking and supervision of W. P. A. or other Federal Aid Projects, if the projects are granted by the Government, or act on anything relating thereto.

VOTED: That the sum of \$6,010.00 be raised and appropriated for the purchase of materials, trucking and supervision of W. P. A. Projects listed as Red Gate Lane and Miscellaneous Small Projects, if these projects are granted by the Federal Government.

Article 32. Will the Town vote to appropriate the sum of \$567.61, this being the sum received from the County for dog licenses, for Schools, as required by Chapter 140, Section 172, of the General Laws?

VOTED: That the sum of \$567.61 be appropriated for Schools, being sum received from the County for dog licenses, as required by Chapter 140, Section 172, of the General Laws.

VOTED: That this meeting be dissolved at 4:30 P. M.

Total raised and appropriated.....\$301,959.93
Appropriated—Reserve Fund from Overlay

Surplus	7,000.00
Re-appropriated for Schools (from 2nd Bond Issue)	2,500.00
Appropriated—Dog Fund for Schools	567.61
Total appropriated, 1936	\$312,027.54

Attest:

WILLIAM H. MORRIS,
Town Clerk.

COMMONWEALTH OF MASSACHUSETTS

CONVENTION OF TOWN CLERKS

Third Plymouth Representative District

On the twelfth day of November, A. D. 1936, the Town Clerks of Hingham, Hull and Cohasset, said Towns comprising the Third Plymouth Representative District, assembled at the office of the Town Clerk in Hingham at 2 o'clock P. M., for the purpose of exam-

ining the returns of votes given in and determining who had been elected to represent said District in the General Court, to be holden at Boston on the first Wednesday of January next, proceeded to canvass said returns and found the ballots given in for the Candidates to be as follows:

	Hingham	Hull	Cohasset	Total
Maurice B. Evans	760	315	424	1,499
John Q. Knowles	2,768	1,022	1,289	5,079
William H. Coney....	1			1
Blanks	151	52	89	292
<hr/>				
Total	3,680	1,389	1,802	6,871

It appearing that John Q. Knowles of Hull has received a plurality of the votes given in, a certificate of Election was issued to him.

WILLIAM L. HOWARD,
Town Clerk of Hingham

ANDREW F. POPE,
Town Clerk of Hull

WILLIAM H. MORRIS,
Town Clerk of Cohasset

Attest:

WILLIAM H. MORRIS,
Town Clerk.

STATE RECOUNT

December 1, 1936.

In accordance with an order issued by Frederic W. Cook, Secretary of the Commonwealth, under the provisions of General Laws, Chapter 54, Section 135, as amended, an Official Recount of votes cast for Lieutenant-Governor of the Commonwealth, was held today at 7 o'clock P. M., by the Board of Registrars.

The Ballots were delivered in sealed containers to the Board of Registrars by the Town Clerk, William H. Morris.

The Registrars proceeded to open the sealed envelopes, ballots were recounted and statistics were as follows:

Lieutenant Governor

Original Count

Henning A. Blomen	7
Freeman W. Follett	3
Walter S. Hutchins	10
Francis E. Kelly	557
Leverett Saltonstall	1,162

NORMAN CARD,

Attest:

WILLIAM H. MORRIS,

Clerk Ex-officio,

Board of Registrars.

VITAL STATISTICS

Record of Births, Deaths and Marriages Recorded in 1936

BIRTHS

Total number of births was seventy-nine, of which fourteen were delayed returns and corrections of past years. Of the sixty-five in the year 1936, there were twenty-five where the parents were residents of other towns. Of the forty whose parents were residents of Cohasset, twenty-one were females and nineteen were males.

MARRIAGES

Total number of marriages was fifty-seven, of which thirty-one were married in Cohasset. Of the fifty-seven one was a correction and one a delayed certificate of a previous year.

DEATHS

Total number of deaths was seventy-five and includes those who died in other towns and were brought here for burial. Of the fifty-five who were residents of Cohasset, thirty-four were males and twenty-two were females.

The causes of death were as follows: Chronic Myocarditis, 3; Hypernephronan-operative shock, 1; Acute Meningitis, 1; Pulmonary Embolism, 3; Coronary Oc-

clusion, 2; Lobar Pneumonia, 6; Cerebral Hemorrhage, 12; Broncho Pneumonia, 6; Epilepsy, 1; Appendicitis, 1; Heart Disease, 2; Carcinoma of Lung, 1; Carcinoma Ascending Colon, 1; Arterio-Sclerosis, 2; Carcinoma of Mouth, 1; Peritonitis, 2; Coronary Thrombosis, 3; Sclerosis of Liver, 2; Cerebral Apoplexy, 1; Myocarditis, 3; Pulmonary Tuberculosis, 2; Uremia, 1; Hypostatic Pneumonia, 2; Acute Gangrenous Appendicitis, Malignancy of Lung, Cerebral Thrombosis, Cancer of Lung, Accidental Drowning, Carcinoma, Fracture of base of skull due to auto accident, Chronic Nephritis, Accidental, Acute Indigestion, Diabetic Coma, Cardiac De-compensation, 1 each.

*Parents, Be Sure to Record the Birth of Your Child
with Given Name in Full.*

Read the Law !

“Parents, within forty days after the birth of a child, and every householder, within forty days after a birth in his house, shall cause notice thereof to be given to the clerk of the town where such child is born.”—General Laws, Chapter 46, Section 6.

Some of the Many Reasons Why Births Should Be Recorded

To establish identity.

To prove nationality.

To prove legitimacy.

To show when the child has a right to enter school.

To show when the child has the right to seek employment under the child labor law.

To establish the right of inheritance to property.

To establish liability to military duty, as well as exemption therefrom.

To establish the right to vote.

To qualify to hold title to, and to buy and sell real estate.

To prove the age at which the marriage contract may be entered into.

To establish the right to public office.

To make possible statistical studies of the health conditions.

Your co-operation to the end that all births may be properly recorded will be greatly appreciated.

REPORT OF STATE AUDITOR

February 27, 1936.

To the Board of Selectmen

Mr. William H. McGaw, Chairman

Cohasset, Massachusetts

Gentlemen: I submit herewith my report of an audit of the accounts of the town of Cohasset for the year ending December 31, 1935, made in accordance with the provisions of Chapter 44 of the General Laws. This report is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL,

Director of Accounts.

TNW:MEF

Mr. Theodore N. Waddell

Director of Accounts

Department of Corporations and Taxation

State House, Boston

Sir: As directed by you, I have made an audit of the books and accounts of the town of Cohasset for the year ending December 31, 1935, and report thereon as follows:

The records of the financial transactions of the several departments receiving or disbursing money for the town, or committing bills for collection, were examined, checked, and verified by a comparison with the reports and the records in the office of the town accountant.

General ledger accounts were compiled, and the appropriations and transfers as recorded on the ledger were checked with the town clerk's records of town meetings and with the records of the finance committee. A balance sheet, showing the financial condition of the town on December 31, 1935, was prepared and is appended to this report. This balance sheet indicates that the town is in very good financial condition.

The books and accounts of the town treasurer were examined and checked. The cash book additions were verified, and the recorded receipts were analyzed and compared with the accountant's ledger and with the records of the departments making payments to the treasurer. The payments by the treasurer were compared with the selectmen's warrants authorizing the disbursement of town funds.

The treasurer's cash balance on January 16, 1936, was proved by a reconciliation of bank balances with statements furnished by the banks of deposit, by an examination of the bank book representing the savings account, and by actual count of the cash in the office.

The payments of maturing debt and interest were verified by a comparison with the amounts falling due and with the canceled securities and coupons on file.

The savings bank books representing the investment of the trust funds in the custody of the town treasurer were examined and listed, the income being proved and the transfers to the town being verified.

The records of tax titles held by the town were examined and checked with the deeds on file. The amounts added to the tax title account were compared with the collector's records, the reported redemptions were checked with the receipts as recorded on the treasurer's cash book, and the tax titles on hand were listed, proved, and checked with the records in the Registry of Deeds.

The books and accounts of the tax collector were examined. The commitment lists were added and reconciled with the warrants of the assessors committing the taxes for collection. The payments to the treasurer by the collector were checked to the treasurer's and the accountant's books, the abatements as recorded were compared with the assessors' records of abatements granted, and the outstanding accounts were listed and reconciled with the accountant's ledger accounts.

Verification of the outstanding taxes was made by sending notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received it appears that the accounts, as listed, are correct.

The records of licenses and permits issued by the town clerk and other departments were examined and checked, and the payments to the State and the town were verified.

The surety bonds of the officials required by law to furnish them were examined and found to be in proper form.

The accounts of the treasurer of the trustees of the Cohasset Free Public Library and of the treasurer of the directors of the Paul Pratt Memorial Library were examined and checked. The investments were personally examined and listed, and the income and disbursements were proved. The cash books were footed and the cash balances on February 3, 1936, were verified.

In addition to the departments mentioned, the available records of all other departments receiving money for the town were checked and the payments to the treasurer were verified.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the treasurer's and the collector's cash, summaries of the tax, assessment, tax title, and departmental accounts, as well as tables showing the transactions and condition of the trust funds.

For the co-operation received and the assistance rendered by the several town officials during the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE,
Assistant Director of Accounts.

PUBLIC GIFTS AND BEQUESTS

(Continued from 1934 and 1935 Reports)

ARTHUR N. MILLIKEN

Extract from will of Mr. Milliken:

"Seventeenth: I give and bequeath to the Town of Cohasset the sum of ten thousand dollars, to be applied by the Selectmen of the town for such permanent benefit of the town as they may determine; the same is not to be used for current or ordinary expenses, but for some purpose or purposes that in the judgment of the Selectmen may enure to the general benefit, improvement or ornament of the town."

The acceptance of the above will be voted on by the Town at its Meeting in March, 1937.

REPORT OF SEALER OF WEIGHTS AND MEASURES

Cohasset, Mass., January 25, 1937.

Honorable Board of Selectmen:

Gentlemen: My report as Sealer of Weights and Measures is as follows:

The various weighing and measuring appliances in town have been carefully tested, 387 were sealed, 37 adjusted and 19 were condemned. The amount of \$50.38 was collected as sealing fees and \$25 as Transient Vendor local license fees, and paid to the Treasurer.

I have also re-tested several weighing and measuring appliances, inspected hawkers' and pedlers' licenses, and commodities offered for sale.

Respectfully submitted,

LOT E. BATES,

Sealer.

REPORT OF THE TREE WARDEN

To the Citizens of Cohasset:

I herewith submit the following report:

There were a number of young trees planted in different parts of the town the past year. The older trees were pruned. All the Elm trees on our Common were fertilized, being badly in need of it. All Elm trees on the roadsides were sprayed at the proper time. All Elm trees on private property that we were asked to spray were sprayed.

The amount of three hundred dollars which was appropriated for clearing trees for fire alarm wires was expended and by careful watching, where necessary, we have been able to keep the wires clear of branches, that would interfere and cause trouble to your alarm system.

The roadsides have been cleared of brush, as far as possible.

I wish to thank the citizens and members of all town departments for their co-operation.

Respectfully submitted,

STEPHEN J. GRASSIE,

Tree Warden.

REPORT OF THE MOTH DEPARTMENT

To the Honorable Board of Selectmen:

Gentlemen:

Having been appointed by your Board as Moth Superintendent for the past year, I submit the following report:

Creosoting of gypsy moths was carried on during the past winter and some bad colonies were found. These were destroyed, after which we started spraying all roadsides, and private estates that we were asked to spray.

There were a large number of fruit trees sprayed during the season, thereby killing the larvae and at the same time perfecting the fruit.

The tent caterpillar appeared last spring in large numbers, and as the hatching season for them is much earlier than that of the gypsy moth, we had to spray much sooner. The webs become so large that by the time we spray for gypsy moths they are very noticeable and unsightly, as perhaps some of you have observed in riding along in other towns.

We were confronted with a heavy infestation during the late summer and early fall of the web worm. These nests are similar to those of the tent caterpillar, but

much larger. These were destroyed particularly on the roadsides, and elsewhere as far as possible.

I take this opportunity to thank the citizens for their co-operation in this Department.

Respectfully submitted,

STEPHEN J. GRASSIE,

Moth Superintendent.

REPORT OF COHASSET FIRE DEPARTMENT

To the Honorable Board of Selectmen:

Gentlemen:

As Chief of the Fire Department I submit the following report: During the past year the department responded to 46 calls: 25 alarms and 21 silent or telephone calls.

House fires	15	Electric refrigerators	1
Chimney fires	7	Fish market	1
Auto truck fires	1	Awning	1
Automobile fires	2	Hotel	1
Out-of-town fires	2	Drowning	1
False alarms	6	Barn	1
Grass fires	4	Shop	1
Cat in tree	1	Flood lights, out - of -	
Rescue Man in Harbor..	1	town	1
Oil burners	2		

Engine No. 1 responded to 25 alarms and 1 still, Engine No. 2 responded to 10 alarms and 1 still, Engine No. 3 responded to 8 alarms and 1 still, Ladder No. 1 responded to 25 alarms and 1 still, Chevrolet Forest Truck responded to 23 alarms and 14 stills, and the Ford Forest Truck responded to 4 alarms.

The department used 5,300 feet of hose, 575 feet of ladders, 46 pounds of Fyre Freez, 7 carbon-tetrochloride bombs and 2½ gallons soda and acid chemical. The assessed value of property involved was \$120,650.00. Loss paid by insurance \$2,281.00.

The equipment of the department is in first class condition.

The merchants of the town are earnestly requested to remove boxes, papers and rubbish as often as possible and reduce the fire hazard to a minimum.

I want to thank the Honorable Board of Selectmen for the deep interest in the department, to Chief Pelletier and his officers for their co-operation and assistance and to all others who have volunteered in any way. I also want to thank the officers and members of the fire department for the efficient and able manner in which they have performed their duty.

Respectfully submitted,

FRANK F. MARTIN, JR.,

Chief.

THE 1920 WHITE PUMPING ENGINE

Your attention is respectfully called to the following letter received on February 8, 1937, which you will find self-explanatory :

NEW ENGLAND INSURANCE EXCHANGE
40 Broad Street
Boston

February 6, 1937.

Mr. Frank F. Martin
Chief of Fire Department
Cohasset, Massachusetts

Dear Sir :

Relative to your request of February 3 to conduct an investigation in regard to the White pumping engine purchased by the town in 1920, we would report that we have made a test of this machine and a study of its present condition. At the speeds which are considered safe to run the motor, we were unable to obtain the rated capacity of the pump at 120 pounds net pump pressure and at 200 pounds net pump pressure the motor overheated so seriously as to prevent any continued operation at such pressures. Obviously, tests at 250 pounds net pump pressure were not run although the machine should be capable of delivering one-third of its rated capacity at such pressures.

The following are our observations of the condition of this machine :

It is not possible to run the motor at speeds sufficient to obtain required quantities at required pressures. The motor repeatedly overheated on pressure tests causing the cooling system to boil over with consequent short-circuiting of the ignition. Presumably the oiling system which is not of a modern type is a contributory cause of this trouble.

One of the relief valves on the pump was partly locked in such a position as to form a serious obstruction in one pump discharge outlet.

Pump packing leaked badly and the entire pump assembly vibrated excessively on pressure tests.

The steering wheel is badly split and has been bound together with tape. The entire steering assembly is weakly supported and apparently unsafe. The front wheels "shimmy" badly, even at ordinary road speeds. There is considerable backlash in the steering wheel and the drag link connecting the steering wheel post and steering knuckle is badly bent.

The machine is equipped with two wheel brakes which are not now considered adequate or modern.

The entire hose body is sprung and the wheels show weather cracks.

In all, this machine which is now 17 years old can be summed up as unsatisfactory and unsafe and hazardous for the men driving and riding upon it, as well as for other persons on the road. Due to its age and condition we would not recommend any attempt to make repairs. We would recommend it be replaced by a modern unit having a capacity of 750 gallons per minute.

Very truly yours,
P. C. CHARNOCK,
Department Manager,
Municipal Protection Department.

REPORT OF FOREST WARDEN

To the Honorable Board of Selectmen:

Gentlemen:

My report as Forest Warden is as follows: The department responded to 44 grass and wood fires, 8 dump fires, 2 railroad fires, and burned 18 pieces of property which were fire hazards in the town. We were called upon for help out of town once and pumped out 13 cellars.

When conditions are dry, a patrol is maintained Saturdays, Sundays and holidays. A permit is required by law for fires in the open air, in an incinerator or otherwise, at all times in the year except when snow is on the ground or it is raining.

The equipment of this department is in first class condition.

Respectfully submitted,

FRANK F. MARTIN, JR.,

Forest Warden.

REPORT OF WIRE INSPECTOR AND SUPERINTENDENT OF FIRE ALARM

*To the Honorable Board of Selectmen and to the Chief
of the Fire Department:*

Gentlemen: I herewith submit my report as Wire Inspector and Superintendent of Fire Alarm of the Town of Cohasset.

During the past year we have not made any changes in electrical wiring. All work has been thoroughly inspected and checked in accordance with the requirements of the National Code. The fire alarm system is in first class condition. New lines have been extended from Cushing Road to Hill Street and a new fire alarm box has been installed; we also have replaced an old fire alarm box on Border Street.

In closing I wish to express my appreciation to the Board of Selectmen, the Chief of the Fire Department, the Electric Light and Power Company, and all Electrical contractors for their co-operation.

Respectfully submitted,

HERBERT WILLIAMS, SR.,

*Wire Inspector and
Superintendent of Fire Alarm.*

REPORT OF HIGHWAY SURVEYOR

January, 1937.

To the Citizens of Cohasset:

Herewith is the report of your Highway Surveyor from March 14 to December 31, 1936.

At the annual town meeting March 7, 1936, it was voted to appropriate for General Maintenance, for streets and sidewalks including tarring—\$29,500.00.

From January 1 to March 14 my predecessor expended \$5,456.33, leaving a balance of \$24,043.67.

A 1½-ton truck costing \$1,500.00 and a ½-ton pick-up truck costing \$404.00, making a total of \$1,904.00, was purchased by my predecessor and were available to the town immediately after the town meeting March 7. The bill for these trucks was paid during my term, and deducted from the above amount, leaving a working balance of \$22,139.67.

The annual clean-up of gutters, sidewalks, catch basins—fence repairing, painting, etc., received the necessary attention. Daily (except Sundays and holidays) the business center of the town was cleaned and all refuse carried away, prior to 7:00 o'clock A. M.

Most all the streets were in a bad condition, many sections of which had very badly deteriorated, all of which necessitated extensive patching.

A sizeable section of King Street was scarified, re-shaped, re-surfaced with gravel and two coats of Barrett's tarvia-B.

Pleasant Street from railroad track to extreme end of street (excepting a very small portion of hill) was re-constructed; being scarified, re-shaped and 4 inches of 1-inch crushed stone with Barrett's penetrating tarvia-X used, finishing same with seal coat of tarvia-A and sand. This re-construction should last indefinitely with an occasional application of tarvia and sand. A sidewalk was built from railroad track to Cushing Road.

Pond Street from King Street to the New Road was re-surfaced in a manner similar to that done on King Street.

Joy Place, most of Nichols Avenue and Bow Street were also re-surfaced.

Oak Street being in a very bad condition, was scarified, re-shaped and repaired with gravel and two liberal coats of tarvia-B.

A large section of Jerusalem Road, King Street, Beechwood Street, Atlantic Avenue, Ripley Road and Margin Street were given an application of tarvia and sand, then dragged; this process is known as re-treading.

James Lane, Cushing Road, Summer Street, Border Street, Atlantic Avenue and Sohler Street received a much needed coat of tarvia and sand.

On North Main Street from Depot Corner to middle of hill opposite residence of Mr. Charles Wheelwright was treated with tarvia-A, $\frac{1}{2}$ -inch crushed stone and rolled.

Parts of sidewalks on Margin, Brook and North Main Streets were put in first class condition with patching material.

Various grades of tarvia in the amount of 41,343 gallons were used on the different streets and sidewalks.

New catch basins were built in Joy Place—Hill and Doane Streets, also many of the old catch basins were raised to conform with the correct grade of the resurfaced streets.

All street markings were done under the supervision of your Highway Surveyor, at the direction of the Chief of Police, the cost of which was defrayed from the Selectmen's appropriation.

Special Appropriations

A new sidewalk was constructed on Border Street from Boat House to the Central Fire Station. About 140 feet of retaining wall opposite the residence of Mr. H. H. Enders was caving into the harbor. It was imperative that this should be rebuilt. The Finance Committee appreciating the urgency of this repair transferred from their reserve fund sufficient money to meet this expense.

Part of Sohier Street opposite Swimming Pool on the Estate of Mrs. Hugh Bancroft to a distance below hill opposite the old residence of Mr. McKenzie, was widened, by removing trees, bushes, embankment, etc., and extending width of street, thereby eliminating a dangerous condition. In this connection may I advise there are several places on our different streets that present a dangerous hazard and should be corrected, thus assuring more safety to all who may have occasion to traverse these streets.

On Church Street, from Beechwood Street, to Scituate line, a new sidewalk was put in.

Your Highway Surveyor desires to acknowledge with thanks and appreciation the co-operation of our Honorable Board of Selectmen and the various Town Officials. Also to the many citizens who tendered their very helpful suggestions, as some conditions while small in appearance, may escape the attention of the responsible official, and if brought to his attention can be corrected. With this co-operation satisfactory results can be and are obtained that redound to the benefit and satisfaction of all.

Respectfully submitted,

WILLIAM T. BARNES,

Highway Surveyor.

REPORT OF BOARD OF HEALTH

February 1, 1937.

To the Citizens of Cohasset:

Establishment of Pre-School Clinics during the past year rounded out a program of Immunization for the purpose of affording means of protection against Diphtheria among children of the town between the ages of six months and twelve years.

Four Clinics were held at the Legion Hall, during the months of May and June for children of pre-school age, forty-nine being inoculated as a preventive measure against the disease. These Clinics were conducted by this Department in conjunction with the Social Service League, Miss M. Alma Cross, Public Health Nurse, and the Town Physicians.

It is the belief of the members of this department that the Pre-School Diphtheria Immunization Clinics are of much value, due to the fact that they include children of the age group in which it is estimated that at least 50% of the diphtheria deaths occur.

School Clinics

Four Diphtheria Immunization Clinics were held at the Ripley Road School during the months of May and June for children of school age, the number of children inoculated being sixty-one. These Clinics were conducted by Dr. Oliver H. Howe, School Physician, assisted by Miss Fanny James, School Nurse.

The Clinic for the prevention of Tuberculosis of the Lungs inaugurated last year at the Osgood School was conducted in January by members of the staff of the Norfolk County Hospital. Children in the seventh, ninth and eleventh grades were given the tuberculin test. Children who reacted to the test were X-rayed and examined two weeks later. Observation cases of last year were re-examined and the Clinic, because of the follow-up work on the part of the Public Health Nurse and the Hospital, is deemed of great importance.

Well Baby Clinic

Daily attendance of the Well Baby Clinic, under the direction of the Social Service League and the Public Health Nurse, averaged a little better than sixteen children, the total number of visits being 197, and the registration sixty.

Communicable diseases reported to the Board of Health during the past year are as follows:

Whooping Cough	23
Measles	12
Lobar Pneumonia	11
Dog Bite	7
Scarlet Fever	4
Mumps	3
Tuberculosis	2
Chicken Pox	2
German Measles	1

Milk licenses were issued to twenty-three dealers. Samples of milk were collected periodically and tested

at Brockton. Inspection of dairies and farms was made at intervals during the year.

School Dental Clinic

A summary of the service rendered by the School Dental Clinic is as follows:

Number of pupils treated	311
Number of Fillings	660
Number of Extractions	205
Number of Cleanings	71
<hr/>	
Total operations completed	936

Sixty-one old cars together with 2,448 loads of rubbish were disposed of at the Town Dump in 1936. The Superintendent of the Town Dump reports a total of 112 calls made during the past year for the purpose of pumping wells, cellars and water-holes.

Other than for necessary gate repairs, no money was expended for the maintenance of Straits Pond. Cat Dam, however, necessitated a considerable outlay of funds in an effort to keep the pond free from marine growth. Maintenance of James Brook was confined largely to response of complaints of clogged conditions of the Brook in various sections of the town. It is estimated that much of this work will be necessary this year.

Board of Health, General Account, showed an increase in expenditures over the previous years due to the purchase of two oxygen tents and a considerable supply of

oxygen. The tents which are similar to those used by practically every city and town in the State and utilized in pneumonia and other respiratory cases are kept at the Police Station under the direction of the Police Department and have been greatly in demand since their acquisition.

Respectfully submitted,

NATHANIEL HURWITZ, *Chairman*,
ABRAHAM S. ENOS, *Secretary*,
ABRAHAM J. ANTOINE, JR.,

Board of Health.

REPORT OF COHASSET POLICE DEPARTMENT

To the Honorable Board of Selectmen:

Gentlemen :

I herewith submit my report for the Police Department of the Town of Cohasset, for the year ending December 31, 1936.

SUMMARY OF WORK DONE BY DEPARTMENT

Accidents investigated, automobiles—74; gun fire—1.
 Animals killed request of owners—8.
 Attempted suicide—2.
 Buildings found open and locked by police—62.
 Calls for inhalator—10.
 Cars stopped for auto violations and warned—71.
 Cars tagged for improper parking—64.
 Complaints received at headquarters—1,935.
 Defects in street reported—9.
 Duty calls from boxes—2,934.
 Fatal accidents, automobile—1; drowning—1.
 Fire alarms answered—24.
 Hackney carriage licenses issued—5.
 Hackney operator licenses issued—8.
 Sick or injured taken to hospital in police car—7.

Licenses and Registrations suspended—50.
Mileage of ambulance—2,736.
Mileage of motor cycles—2,478.
Mileage of police car—33,271.
Missing persons reported—1.
Motorist assisted—29.
Permits to purchase firearms issued—3.
Permits to solicit funds issued—7.
Persons found dead—1.
Persons transported in ambulance, male—43; female—67; total—110.
Oxygen tent calls—20.
Number of days oxygen tents used—126.
Radio messages sent out by this station—4,036.
Rescued from drowning—1.
Restitution made in cases—\$115.90.
Revolver permits issued—28.
Special attention requested by owners of unoccupied houses—37.
Stolen property recovered by department—\$2,005.00.
Street lights reported out—138.
Summer homes inspected weekly (winter months)—130.
Summonses served for other police departments—108.
WPA workers notified to report to work—157.

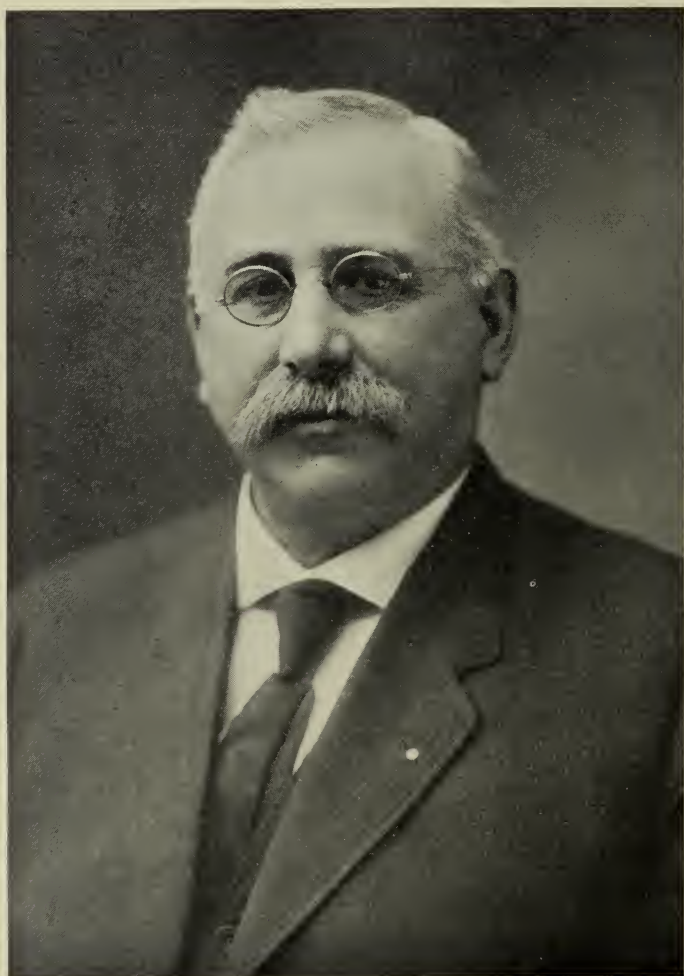

May I express my appreciation to your Honorable Board and all the people of the Town of Cohasset for their hearty co-operation, and assure your Board and the people of Cohasset that the Police Department will constantly do their utmost to protect the people of Cohasset and their property.

Respectfully submitted,

HECTOR J. PELLETIER,
Chief of Police.

HERBERT LINCOLN BROWN

Elected March 1905

Retired March 1936

31 Years' continuous service.

Elected to Board of Selectmen, Assessors
and Overseers in March 1905.

Served as Chairman, Board of Assessors
from 1914 to 1936.

Served as Chairman, Board of Selectmen,
for the year 1925.

In these days of changes, it is unusual for a man to
serve 31 years continuously, retiring with as many
friends as Mr. Brown has.

REPORT OF THE BOARD OF SELECTMEN

January 26, 1937.

To the Citizens of Cohasset:

The greatest problem of today is the care of the unemployed. The WPA funds have taken care of this to some extent, but have been reduced considerably. Our unemployment list does not decrease, therefore the town has to provide more or less work.

Once again we call your attention to the necessity of careful appropriations. Our revenue from real estate does not increase and any great increase in appropriations will appear in the tax rate.

We wish to thank the other departments and the citizens of the town for their co-operation.

Respectfully submitted,

WILLIAM H. MCGAW,
DARIUS W. GILBERT,
EUGENE N. TOWER,

Board of Selectmen of Cohasset.

REPORT OF BOARD OF PUBLIC WELFARE

There has been an increased demand for relief during the past year. Between W. P. A. Projects men were retired for a considerable time, some never being recalled, thus increasing the Welfare expenditures. In January Cohasset's W. P. A. quota was seventy, decreasing during the summer months, the year closing with less than half the men working. There is hope some of those retired will be re-employed, but it is feared that quotas will be gradually decreased during the coming year. The Town will then be obliged to bear this additional burden. During the late months of the year exhaustion of other department funds has caused increased relief expenditures by the Welfare Department.

All recipients of aid who were able-bodied have been required to work and instead of being paid in cash, Welfare orders for food, fuel and rent have been issued.

Actual constructive work has therefore been accomplished, as follows:

A stone retaining wall has been constructed at the rear of the Central Fire Station, Border Street, the stone being gathered from various town-owned properties. This was a necessary accomplishment, thus saving an appropriation for this purpose in the near future.

Approximately fifty cords of wood were cut on town land, adjoining Woodside Cemetery, clearing the land, and the wood was distributed as evenly as possible among the needy. This relieved the department to some extent. The town truck was used for distribution.

The partially burned blacksmith shop, on the recently acquired Kane property, was taken down and the location graded with gravel from the town gravel pit, saving a necessary appropriation.

A 650-foot roadway is now under construction by the Welfare Department, at the Woodside Cemetery, the same being an extension of present roads as laid out on cemetery plans. As lots in the forward portion of the cemetery are being purchased rapidly, construction of roads in this location is necessary, therefore by having these roads built at this time we are keeping the Welfare recipients busy and will save asking for an extra appropriation for the Woodside Cemetery.

At present a new stone wall is being constructed along James Brook, at the Cove, and when the work is finished we feel that it will show an improvement over present conditions.

Other constructive work will be accomplished if and when possible, *suggestions will be appreciated.*

The several cases boarded out in past years have been continued in the same manner.

Where possible, mothers with dependent children were changed to Mother's Aid, thus receiving a reimbursement from the Federal Government of one-third actual cash payments, which is not reimbursed on ordinary welfare.

There has been considerable work on cases aided in this town, with possible settlements elsewhere, as well as cases being aided by other towns with possible settlements in Cohasset. These were investigated as far as possible, the Town Counsel being called for many decisions. The denial of one case, or the establishment of

one case in another town, saving the town thousands of dollars in the course of a few years. Constant investigations and re-visits have been made throughout the year and aid has been decreased, increased or ceased as circumstances warranted.

The following is a detailed report of cases and persons aided by the department, based on and as per date of payments, in 1936:

	<i>Cases</i>	<i>Persons</i>
January	65	264
February	67	288
March	81	327
April	69	278
May	56	236
June	46	188
July	45	180
August	48	194
September	48	186
October	43	162
November	45	183
December	73	278

For a complete report of expenditures of this department we refer you to the Accountant's report, from which you will note that Hospitalization, Doctor's fees, Medicinal requirements, Food and Fuel consume a major portion of the appropriation.

We wish to thank all with whom this department has come in contact for their co-operation during the year.

EUGENE N. TOWER, *Chairman*,
WILLIAM H. McGAW,
DARIUS W. GILBERT,
Board of Public Welfare.

REPORT OF BOARD OF OLD AGE ASSISTANCE

This department has increased 100% during the past year, there being twenty cases during the first part of the year and more than forty during the latter part of the year.

The increase was chiefly due to decreased age qualifications, from seventy years to sixty-five years, commencing September 1, 1936.

Under the new system the Federal Government reimburses one-half of cash paid up to a stipulated amount, the State reimburses two-thirds of the balance, the town paying only a small portion.

Welfare recipients where eligible were transferred to this class of assistance.

As Federal reimbursements are made on a cash basis only, amounts to recipients are budgeted to take care of every household need.

In December the State informed the Board that under new regulations one of the three members of the Old Age Assistance Board must not be on the Welfare Board. Therefore, Dr. Gilbert resigned as a member and Miss Mary E. Oliver was appointed.

EUGENE N. TOWER, *Chairman*,
WILLIAM H. McGAW,
MARY E. OLIVER,

Board of Old Age Assistance.

REPORT OF THE DIRECTORS OF THE PAUL PRATT MEMORIAL LIBRARY

The Directors present herewith their annual report for the year ending December 31, 1936.

It is gratifying to the Directors to report again an increase in the circulation of books during the past year and a very evident increase of public interest in the general activities of the Library.

Miss Margaret Rathbone, who had served most efficiently as Assistant Librarian for two years, resigned her position in June and Miss Jean E. Meyer was appointed to succeed Miss Rathbone, on September first, 1936.

The Directors have endeavored to keep the latest books, both fiction and non-fiction, available to all borrowers and wish to acknowledge, with thanks, the gifts of books and magazines from many friends.

The reports of the Treasurer of the Board and the Librarian, showing details of expense, receipts and operation, are subjoined.

Respectfully submitted,

FREDERICK J. GAULD, *President*,
FRED V. STANLEY, *Treasurer*,
EDWIN OTIS, *Clerk*,
WILLIAM H. MCGAW,
HERBERT L. BROWN,
DONALD T. GAMMONS,
FREDERICK HINCHLIFFE.

REPORT OF THE LIBRARIAN OF THE PAUL PRATT MEMORIAL LIBRARY, COHASSET, MASS.

To the Board of Directors of the Paul Pratt Memorial Library:

“Like the church and school the public library is now an integral and essential part of the community; like them its growth is the result of a series of cause and effect, of stimulus and responses, of action and reaction.”

“The future of libraries must be considered in terms of changes and growth which may be anticipated not only in the community but also in the region as a whole.”

I submit to you, herewith, the annual report of the Paul Pratt Memorial Library for the year 1936.

The activities of a library cannot be measured by figures alone, however necessary and enlightening these statistics may be, for there is the side of service to the community, which is a fundamental reason for the library's existence, to be considered. There is a consciousness of this service when citizens come to the library seeking information on various subjects; desiring books and borrowing them for study or for recreational purposes; to read the magazines, or, perhaps, simply to enjoy the exhibitions which it has been the good fortune of the library to be able to offer them,—and there are visions of service in many ways which may be made possible in the future.

I wish to acknowledge, herein, my appreciation of the efficient assistance of Miss Rathbone, who, after two years' service, resigned her position to take up new

work. With your appointment of Miss Jean E. Meyer as her successor, you have given me, as an assistant, a young woman of ability, who has entered upon her duties with enthusiasm and whose helpfulness I gratefully recognize.

Throughout the year new books, recommended by members of the Book Committee, have been added to the library every month and gifts of books and magazines have been received.

At intervals through the summer, members of the Cohasset Garden Club have provided flowers, whose beauty and arrangement received many comments of appreciation. To the Cohasset Garden Club we are also indebted for a gift of "The Garden Dictionary," the last word in information concerning flowers and gardening.

A generous response was made to a call of the American Merchant Marine Library for books and magazines, and a very satisfactory contribution was sent them.

As you already know, exhibitions have been held during the year but as a matter of record and as a way of expressing our thanks to those who made it possible for us to enjoy them, I would like to mention the exhibition of children's portraits by Mrs. David Allen Reed; of Bermuda watercolor paintings by Mr. George F. Newton; of oil paintings by Mrs. Charles S. Alden. There should also be mentioned the artistic photographs by Gar-Mon; the Japanese prints from the Shima Art Company and the booklets and pamphlets of general information which were shown by the Massachusetts Savings Bank Life Insurance Company.

Book Week, Nov. 15 to 21, was observed in much the same way as usual with many new books on display

in the Children's Room, where decorations in the form of so-called "balloons," showing the colorful jackets of these books, called further attention to them. For the first time, the library was open on Sunday afternoon from 2 to 4 o'clock, November 15, so that it was felt the celebration was properly begun! Again we were given the use of a window of the Cohasset Hardware Company. Here were displayed new books for adults, and a few children's books which had just been published, with, by way of contrast, books read by children of the past eight or nine decades. As authors, illustrators and publishers are co-operating today, as never before, to produce books attractive in every way for children, this contrast between the old and new was interesting.

At Christmas time, the tree, with its bright lights and ornaments; the garlands, wreaths and other greens, gave the library a festive air and books with Christmas tales and customs were at hand for the children. One of the phases of work with children at this time of year, as well as at other times, is the story-telling hour. I regret that lack of time for preparation for this has prevented us from having any.

Through the school year ending last June not as great an interest in reading for certificates had been shown, as there has been since September. New lists have been printed by the Division of Public Libraries (of the Department of Education), which include many new titles. The children have been given a wider choice and have had a greater incentive for reading. I am deeply grateful to the teachers for their help in this work, for it is invaluable.

The new book case which you have recently provided for the rotunda has proved to be of great value and

many have spoken of its convenience. Many people who do not have time to browse among the shelves, frequently find something of interest among these books, for it is intended that a varied assortment of subjects shall be found there. The additional shelving in the Children's Room and at the Beechwood Branch Library has relieved the crowded condition of the shelves.

BOOK STOCK

The same method of arriving at the number of volumes in the library has been used this year as has been done for the past two years,—a count of volumes as represented by the shelf-list cards. While in this way, there may be a possibility of errors, each year reveals fewer discrepancies and it is hoped that eventually an accurate count may be made. It appears that there are in the library this year 21,827 volumes; 20,305 of which are at the main library and 1,522 at the Branch library. Most of them are in good condition, and, with a few exceptions, all are available for lending. Of the 1040 volumes added, 747 were by purchase; 49 by replacement and binding; 244 by gift. As a weeding out of the old books is advisable each year, and as each inventory shows, unfortunately, the mysterious disappearance of some books, there always has to be a withdrawal record; this year 186 volumes were withdrawn. Among the books at the Beechwood Branch library there are many which are of little value today and should be withdrawn to give place to the more readable books recently published, for space there is limited. It is my hope that during the coming year these may be replaced, in some measure.

USE OF LIBRARY

At the beginning of the year new registration cards were put into use and from these a very fair estimate of the proportion of registered borrowers who are making continued use of the library can be made. The registration figures of the year were 1561 and I am reasonably sure that from 70 to 75% of these persons have been into the main library and its branch during the year. It is much better to have an active list than one less active, with a higher number of registrations, so that withdrawals are necessary each year. This year the withdrawals (316) almost equal the new registrations and re-registrations (327) but with this difference of eleven, the registration figures advance to 1572 for the new year.

The circulation of books for 1936 was 41,187, an increase of 649 over that of the previous year; 35,689 were borrowed from the main library and 5,498 from its branch.

It may be of interest, at this point, to make a slight comparison with the circulation of a few years ago,—of 1926. I have chosen that year for it was at that time that the restriction of two books, only, to an individual was removed, and by using a different charging system, an unrestricted number of books was made possible. With this change, however, there was a slight drop in the circulation for that year, but the following year it increased, and, with the exception of 1929, there has been a constant increase each year since. The circulation in 1926 was 23,318 or 8 books per capita (census figures, 2913); in 1936 it was 41,187, or 12 books per capita (census figures, 3418),—an increase in volumes of 76%.

With changing times there is a changing demand for books. While biography, travel and literature have always been, and will continue to be, in demand, there is a decided increase in the popularity of books of psychology, religion and the social sciences. There is a greater demand for non-fiction as a whole which will be seen by comparing the following figures which are given for adult non-fiction only. In 1926 of the total number of volumes borrowed, 4,772, or 28%, were non-fiction; in 1936, 11,642 volumes, or 38%.

The increased use of books and magazines necessarily means more time required in handling them; more wear and tear, resulting in more time needed for repairing, or greater expense for re-binding, and more expense for supplies. However, this is as it should be,—for as the value of the library to the community is recognized, there is a proportionate growth in its needs and to insure its service in fullest measure, adequate facilities are necessary.

Library meetings have been attended whenever possible, and as association with groups of like-minded persons is always stimulating, so attendance at these meetings of the Massachusetts Library Association; the Old Colony Club; the Round Table of Children's Librarians create a consciousness of being a part of a large whole and the desire for further service.

Acknowledgment of gifts of books and magazines is made herein and thanks are extended to: Miss Marion W. MacIntyre; Mrs. Charles C. Wilson; Mrs. Edward H. Schott; Mrs. A. O. Barker; Miss Annie N. Keene; Miss Clare Benedict (of Basle, Switzerland); Dr. George G. Sears; Mr. Fred W. Rust; Dr. James J. Walsh; Mr. Bruce McLean; Est. of A. N. Milliken; Minot's Light; Dr. George

A. Slocombe; Mr. James W. Doyle; Mr. Paul Blackmur; Mr. Alfred W. Jones; Mrs. Sherman R. Thayer; Mrs. John Richardson; Robert V. Collier, Jr.; Cohasset Woman's Club; Cohasset Garden Club; Town of Cohasset and various publishing houses.

I extend to you my appreciation for the many things you have made it possible to have and to do to make this year a profitable one and I sincerely thank Miss Meyer, Mr. Butman, Mr. Loughman and the townspeople who have demonstrated their interest in the library by their co-operation.

CHARLOTTE S. TOWER,

Librarian.

Cohasset, Mass., Jan. 20, 1937.

REPORT OF HARBOR MASTER

To the Honorable Board of Selectmen:

January 1, 1937.

Gentlemen:

The Harbor Master begs to submit this annual report:

I suggest as of last year an increase in appropriation to cover cost of new passenger float and commercial runway, which are necessary, the present float and runway being in very poor condition.

We had many large boats in our harbor this past summer and it necessitated careful planning to accommodate these boats at one time in such a small harbor.

Thanking the fishermen and yachtsmen for their cooperation and support.

Respectfully,

JOSEPH J. GRASSIE,

Harbor Master.

REPORT OF SCHOOL COMMITTEE

We submit the reports of the school department. The report of the superintendent of schools, principals and supervisors should be carefully read as they give a detailed account of what your schools are doing.

Our expenditures for 1936 and our budget for 1937 are contained in the superintendent's report.

Respectfully submitted,

COHASSET SCHOOL COMMITTEE.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Mrs. Wheelwright and Gentlemen:

During the year 1936, we have added to the physical equipment of our school system as follows:

The Manual Training and Printing Department which is housed in the small building on the Osgood School grounds was enlarged by the addition of a machine room. This added space was felt to be desirable because hitherto the machinery used in woodwork has been housed in the basement of the Osgood School. The bandsaw and circular saw have been placed in the enlarged shop and to the equipment has been added a shaper and an electric floor drill with mortise and dovetail attachments. The enlargement made necessary a larger heating plant, and a hot air system with fuel oil burner was installed in the basement of the addition. The heating plant has proven eminently satisfactory, and the enlarged floor space with the machines immediately available makes for ease in supervision and greater efficiency. The entire work was done through the appropriation of \$2,500.00 from the unexpended balance remaining after the completion of the Ripley Road School addition, plus approximately \$800.00 from the 1936 school appropriation.

The hall in the Osgood School building has been improved in various ways. The floor has been treated, and recreational equipment installed. Classes for boys

in boxing, calisthenics, table tennis, and badminton are planned this winter in the hall. The girls have an opportunity to play basketball, table tennis, and take calisthenics, but I feel that they will not be able to derive full benefit and pleasure from the physical activities until we devise some way of installing showers for them upstairs.

During the past year, the school equipped and supervised two baseball teams, two football teams and a very successful track team. The details of the athletics for boys will be found in Mr. Ripley's report.

This year, the school was unable to make a contract for the "Chronicles of America," the Yale University films, but we are continuing to show forty Eastman teaching films during the year with additional films rented as needed. The State Department of Education supplies our films for a very modest rental fee.

Teachers

Miss Katherine Walsh was employed to fill the vacancy left in January by the resignation of Miss Rupert Skelton.

The opportunity class in the Ripley Road building was continued this September, although only nine pupils were eligible at the beginning of the school year.

Mrs. Marguerite Ripley was elected to fill the vacancy left by the resignation of Miss Mary Hillis.

Repairs

The condition of the Osgood School and the Manual Training building is excellent at the present time. The

floors and walls of the Osgood School have been repaired and replaced where needed and other minor improvements leave the building at the beginning of this year in splendid condition.

Faulty construction in the Ripley Road building will make expensive repairs necessary to prevent further damage from the entrance of moisture. A new driveway has improved the appearance of the Osgood School grounds.

Activities

A play, entitled "Skidding," was very successfully produced under the direction of Miss Marjorie Fay of the English Department.

The School Bus has been made available to take school people to Boston to see plays connected with the History and English work being done. In such cases, the theater generally grants very reasonable rates.

A group visited the Pioneer Village in Salem, and the House of Seven Gables under school supervision.

It is the intention of the School Department to bring in as frequently as possible, lecturers who have something valuable and interesting to give.

This fall, Post Graduate boys assisted greatly in the arrangement of a projection room for the showing of classroom films. The room at present is equipped with a motion picture projector, a micro-projector for the showing of microscopic plant and animal life, and

a lantern slide projector. I believe that very few of the smaller schools are as fortunate as we in possessing such equipment.

I wish to thank the Committee, School Staff, and the pupils for the kind of co-operation that makes it a pleasure to be in school work.

Respectfully submitted,

JAMES W. DOYLE,

Superintendent.

REPORT OF PRINCIPAL OF RIPLEY ROAD SCHOOL

Mr. James W. Doyle,
Superintendent of Schools.

Dear Sir:

The good health of our pupils, excellent attendance and the continued and increased co-operation of the parents have resulted in a year of gratifying achievement at the Ripley Road School.

The excellent attendance is due to the fact that we have had no epidemic of children's diseases during the past year. In spite of the many common colds which are responsible for more absences than all other reasons combined, we have had a very high percent of attendance. I am happy to be able to report this, as irregularity of attendance is one of the greatest sources of interruption in the continuity of the progress of the individual pupil and seriously interferes with the regular class-room instruction. Lessons which are missed must be taught again, extra and additional explanations must be made which delay the regular program.

Conscious of the damaging effects which the many colds have upon attendance and progress, we teach during our health periods the reasons for them and ways to avoid them. Children can and will do much to keep themselves well if they understand how to protect themselves from the diseases which are common among them. The aim of our health work is to improve pupil attendance without injustice to or interference with parents.

Milk or cocoa continues to be given to many children, including all underweights. For several months fruit juices or tomato juice have been furnished for certain pupils who seem to need them by the Women's Club.

More parents than ever before have called to see us during the past year in regard to their children's work or report card marks. We are always glad to see these parents and plans to help their children are discussed. The reason for low marks are explained and often these marks improve when the pupil, teacher and parent work together, understanding the problems to be overcome. Although very little home work is required in the lower grades and is seldom given except upon a parent's request, certain pupils need and benefit by some home study. Several hours every week are used by teachers in helping pupils who are having difficulty with their work. Occasionally, in spite of the efforts of pupils, teachers and parents, it is necessary that children repeat a grade because the work of that grade is beyond their ability and comprehension at that particular time. This seems regretable but it often proves to be a blessing in disguise as many times pupils become better adjusted and school becomes a pleasure rather than a source of worry because of the repetition.

Since September, the part of the fourth grade which I teach has been combined with a small fifth grade for a part of each day. This has given me more time to devote to administration and supervision. By following a daily program as closely as possible and delegating many tasks to the various teachers, I feel that a very satisfactory schedule has been arranged. Teachers are responsible for playground and basement supervision, lunch room assistance and bus duties. The ad-

vancement and welfare of the individual pupil being my most important obligation, time for the performance of this duty has a definite place on my program.

In closing, I wish to express my sincere appreciation for the co-operation and assistance received throughout the year from all branches of our school department.

Respectfully submitted,

HELEN L. BROWN.

REPORT OF THE DIRECTOR OF ATHLETICS

Mr. James W. Doyle, Superintendent:

Track, baseball and football were the organized sports which the boys of the Osgood School participated in during the past year. The school physician passes upon the physical fitness of the boys at the beginning of each season.

The number of boys participating in these sports was as follows:

High School baseball	24
Junior High baseball	25
High School track	14
High School football	22
Junior High football	20

The squads were coached by the men teachers as follows:

Mr. Collins	High School football and track
Mr. Jason	Junior football and baseball
Mr. Ripley	High School baseball

The aim of this program of extra curricular activities is to provide clean healthy sport for all the boys who can be interested in it. In contests with other schools all of the squads were extremely successful. The High School baseball team won 9 out of 12 games, and the Junior team 6 out of 9 games. The High School football team won 3, tied 2 and lost 2, while the Junior team won 2, tied 1 and lost 2.

The track team continues to do remarkably well in competition with schools of greater enrollment. The team was first in a dual meet with Easton, a South Shore League meet, a quadrangular meet at Abington and in B class of the Southeastern Massachusetts meet at Brockton. The team placed second at the Weymouth interscholastic meet.

Respectfully submitted,

WILLIAM RIPLEY, JR.,

Director of Athletics.

REPORT OF SUPERVISOR OF ART

Mr. James W. Doyle,
Superintendent of Schools.

Dear Sir:

The report of the Art Department is hereby submitted. The schedule of classes remains unchanged, one and one-half days being devoted to teaching and supervision in the Ripley Road School, and the remainder to the Junior High and High School classes. Eighty-four High School students are enrolled in free-hand drawing classes, and forty take mechanical drawing.

Life can be so much fuller and richer because of a love for art. If we would have our children care for art we must give them the opportunity to see and know about beautiful things, as well as a chance to express themselves. To enjoy a full appreciation, we must have as a background some knowledge concerning the beginnings of art and of its development through the ages. Therefore in our High School classes it seems wise to divide the time between work in art appreciation and in practice drawing, since it is not possible in our system to have classes in which all of the time is devoted to a study of appreciation.

In November, following a short course in the history of early painting, the Junior art class made a trip to the Boston Museum of Fine Arts. For most of the class it was the first visit there, so we toured the galleries, having lunch at the Museum restaurant.

A particular phase of the work which has been entered into with the greatest enthusiasm by the High School art classes is the block printing of Christmas cards. Each student designs his own block, and last year thirteen hundred satisfactory prints were made. The cover for our school annual, "The Piper," is chosen from a number of designs submitted by various students, and is block printed. This year's block was designed and cut by Donald Sladen.

On June ninth an exhibit of the work of the Junior High and High School art classes was held in the Osgood School in connection with exhibits of the Home Economics and Industrial Arts departments.

The co-operation of the primary teachers and their principal, of the members of the School Committee, and of the Superintendent is greatly appreciated.

Respectfully submitted,

FLORENCE E. KRAUS,

Supervisor of Art.

January 1, 1937.

REPORT OF SUPERVISOR OF MUSIC

Mr. James W. Doyle, Superintendent,
Cohasset Public Schools.

My dear Mr. Doyle:

For the annual town report I wish to outline the extent of our music work in the Cohasset schools.

Singing

Our aim is to encourage every child to participate in music. The first and natural approach is through singing. Singing serves as a means of teaching tone, time and other fundamentals of music. Special emphasis is placed on independent music reading, and tone quality.

Material used consists of the eight book course of the music education series published by Ginn and Co.

The high school has two choral groups. A general chorus of one hundred voices and a glee club of thirty-five voices. These groups study a choral cantata and octavo music of high standard. Glee club and chorus meet one period weekly.

Instrumental

Instrumental instruction is offered pupils in class or private lessons at reasonable cost. Mr. Donald Leach teaches trumpet and drum. Mrs. LeCain teaches violin. Both instructors have been members of the music faculty for several years and give loyal, dependable service.

Mrs. LeCain, our violin teacher, has requested a year's leave of absence. I expect her return in the fall.

The opportunity to study trumpet or violin is an unusual one. I hope more of our pupils will register for this study.

Music Appreciation

The only true appreciation is thorough participation. Radio or other apparatus has little or no stimulus to active participation. To enable our pupils to see and hear actual instruments, the WPA orchestras will give a series of concerts at the school.

To encourage discriminating listening a music memory contest is held each year. Pupils learn to identify forty compositions of the best in music literature. In the spring an examination or contest is held. All students identifying every selection and composer are awarded a Music Memory pin.

Public Demonstrations

Public demonstrations are given yearly: An operetta by pupils of the Ripley Road School, and a spring concert by the high school chorus and glee club.

Scholarship

I am grateful for a scholarship given by the Cohasset Woman's Club. At this writing this scholarship has not been awarded. Four high school students are to compete for this scholarship.

Supervision

The time given to supervision and instruction is as follows: Grades, once a week—all rooms; Junior High School, four periods weekly; High School Chorus, Glee Club, Orchestra, one period weekly.

Revenue

From Operetta		\$68.71
Expended:		
Stage additions	\$25.00	
For emergency tuning of piano and other small ex- penses	5.00	
	<hr/>	30.00
Balance on hand		<hr/> \$38.71

A Recommendation

In a few instances pupils in grades seven and eight bring a note from home requesting that they be excused from music. Unless a pupil is a monotone or an incurable disciplinary problem, I am not willing to grant any request for the discontinuance of music. Our music courses are so designed that a pupil who is encouraged at home will find something that they can do in music. Any music activity, no matter how small, is profitable. About twenty-five percent of our high school pupils do not take our chorus work. This is a very small percentage compared to other school systems. The

fact that we have one hundred pupils in our chorus out of a school membership of approximately one hundred and twenty-five is most encouraging. I therefore request all our parents to avoid at any time encouraging pupils to discontinue their music study.

Respectfully submitted,

FREDERICK A. TAYLOR,

Supervisor of Music.

January 22, 1937.

REPORT OF SCHOOL NURSE

To Supt. of Schools, Cohasset:

No. of pupils taken home during school hours for illness	43
No. of pupils with slight hearing defect	2
No. of pupils with defective vision	17
No. of pupils below average weight	28
No. of pupils underweight	9
No. of pupils excluded from school for impetigo	4
No. of pupils excluded from school for ring worm	2
No. of pupils excluded from school for scabies	1
No. of pupils with enlarged tonsils or nasal obstruction	5
No. of pupils receiving Toxoid against diphtheria....	61
No. of pupils (Osgood School) grades 7, 9 and 11 given Tuberculin Test by Norfolk County Physician	40
No. reacting to test	0
No. X-rayed (repeats from 1935)	14
Active cases of T. B.	0
No. of children taken to office of School Physician for professional advice	17

Children coming to school with sores are taken to Dr. O. H. Howe and he determines whether or not the child be excluded from school. Extra duties are required of the School Nurse since State and County are interested in the Public Schools. Eleven house visits were made in connection with the County T. B. Clinic. At the request of Dr. Clark, State Psychiatrist, I visited the homes of nine families for physical history or retarded children. In addition to the above mentioned I assisted the School Physician with Physical Examina-

tion of all pupils and the care of Physical Record Cards. I also rendered first aid for conditions arising during school hours and on school property only. Investigating unexplained school absences over a period of several days is part of the daily work.

The pupils are weighed twice each year and those underweight or under County Supervision are weighed quarterly.

Milk and cocoa are given to the underweight children from November until the close of the school year.

All branches of School Nursing are checked annually by the State Supervisor.

Respectfully submitted,

FANNY E. JAMES,

School Nurse.

REPORT OF SCHOOL PHYSICIAN

For the past two years a more complete physical examination has been made of all pupils, partly by state examiners, but mainly by the school physician. More detailed examinations have been made of the football and other athletic teams. A complete record is now kept of the annual examinations, from the kindergarten through the high school. The undertaking is well worth the time involved, as testified by the fine degree of health of the pupils.

With thanks for the co-operation of the Committee, Superintendent, teachers and the school nurse.

Respectfully submitted,

OLIVER H. HOWE, M. D.,

School Physician.
